WALHALLA, S. C.:

WEDNESDAY, AUGUST 18, 1915.

GOLD COMING THIS WAY.

Britain Dumping Her Gold Into Our Tills—Has a Reason.

New York, Aug. 11.—A special train carrying \$52,000,000 of gold and securities, shipped by the Bank of England from London, by way of Halifax, N. S., to this city, arrived here today. The train was composed of several steel cars and was guarded by 10 armed men.

Of the total shipment \$35,000,000 was in gold. The weight was about 75 tons. It was said to be the largest single shipment of gold ever sent over the Atlantic ocean in one vessel. The gold was brought over in a British battleship, which was conveyed through the war zone and across the ocean by a cruiser and flotilla of torpedo boat destroyers to guard against an attack of German submarines.

The cost of transferring it from London to New York was estimated at \$250,000.

It was said the battleship brought over not only the shipment for New York, but also a shipment of gold destined for Canada, whose treasury recently sent gold amounting to \$135,000,000 to New York.

Secrecy was maintained regarding the shipment and precautions were taken to prevent the German secret service from discovering the plan of route. At Halifax it was delivered into the custody of the American Express Company. When the armed train left that city it was preceded by a pilot engine.

This precaution was suggested by the exploit of Werner Horn, who attempted to blow up the St. Croix river bridge on February 2. The route over which the train proceeded from Banor, Me., to New York, was kept secret. R. E. M. Cowie, vice president and general manager of the express company, said that the transfer was the greatest risk ever taken by an express company.

Eight policemen were sent to meet the train here and guard the gold until it was delivered at the sub-treasury.

J. P. Morgan & Co., of this city, were the consignees. The purpose of the transfer of gold was understood to be to reinforce British credit here and to improve the exchange situation. The securities are presumed to be American bonds to be used as the basis for further advances to the British government.

Supplement to English Shipment.
New York, Aug. 12.—Private advices from London intimate that the recent shipment of \$35,000,000 gold to this country via Halifax is soon to be supplemented by heavy imports direct from South Africa and Australia.

The Bank of England had a gold reserve of about 20,000,000 pounds sterling at Capetown, and from three to four million pounds of gold in New Zealand. These reserves, it is understood, have been drawn upon to meet obligations in this country and shipments of the gold are said to be in transit.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL.

Starts Your Liver Without Making You Sick and Cannot Salivate.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no bilious, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel to-day and to-morrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.—Adv.

INTERESTED IN AGRICULTURE.

Southern Railway Lending Assistance in All Directions in South.

The following letter is indicative of the interest being taken by the industrial department of the Southern Railway in development of the South:

Southern Railway Company—Industrial and Agricultural Department—Office of the Commissioner, 1320 Pennsylvania Avenue, North-west, Washington, D. C., Aug. 3, 1915.—Col. J. C. Stribling, President Pendleton Farmers' Society.—My Dear Colonel: On my return from the South this week I had opportunity to read the history of your society. I found much of interest therein, and am glad to know that you are going to celebrate its centennial October 13 and 14 next.

F. L. Merritt, industrial and immigration agent for this department for South Carolina, has headquarters at Columbia. He was here yesterday, and I told him about the proposed centennial, as well as the quarterly meeting to be held at Pendleton on the 12th instant. He will probably see you at Pendleton this week or next, and discuss plans for promoting further interest in your centennial meeting. If it is possible for him to do so, he will arrange to be in Pendleton on Thursday, August 12, and will be glad to make a short talk at your opening meeting on that day. If there is some special agricultural subject which you wish our representative to discuss at your quarterly meeting, Mr. Merritt will try to have one of our agricultural men present for that purpose. You will find Mr. Merritt a splendid gentleman, who will be glad to co-operate with you in making your centennial a great success.

I have engagements in Virginia on Wednesday, the 11th. If I can get through in time, I may be able to be in Pendleton on the 12th.

We are deeply interested in the further development of the State of South Carolina, and if we can render you any assistance in advancing the splendid work which you and your associates have been doing, it will be our pleasure to aid in every way we can, consistently.

I thoroughly enjoyed my recent visit with the people of South Carolina, and was especially glad to meet you personally—one who has had so much to do in building up that State. Yours very truly,

M. V. Richards, Commissioner.

Injustice to Corporations.

(Easley Progress.)

A few years ago the South was struggling for existence. The end of the War Between the States found her flat, financially; with millions of dollars of Confederate money absolutely worthless, with slaves all free, lands as a basis of credit no good, and no laws to guide or protect her people in the accumulation of wealth. On the other hand, all the laws were made by carpet baggers and scalawags, with a view to enrich the North and further humiliating the South. After several years of this kind of tyranny, the white people managed to get possession of the State government and began having laws enacted that would benefit and protect the people. Banking laws were made so the people could borrow money at 8 or 10 per cent to use in purchasing supplies instead of having to pay 50 and 100 per cent to the lien merchants. Other laws were made giving the people the right to join their capital together in corporations and thus be enabled to transact business on a more extensive scale than an individual was able to do.

In order to induce the people to form these corporations, frequently the Legislatures would pass special acts relieving them from taxation for a number of years. Frequently counties and townships would vote bonds to railroads, cotton mills, banks and other corporations to induce them to be established within their borders. They were considered good things for a community and were thus encouraged. But the people are restless, and in their anxiety to make headway are too liable to forget the debt of gratitude they owe to these institutions for past benefits, and, like the man who killed the goose that laid the golden egg, they proceed to hamper, persecute and destroy these institutions by slander, abuse and taxation. We have been told, and we do not doubt it, that corporations are now paying 80 per cent of the taxes in Pickens county. Yet the State Tax Commission is preparing to raise the assessments. Is this fair? Is it a wise policy? We do not think so. Run the corporations out of the State and she will be put back fifty years.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c

King Alphonso of Spain is a general in the British army.

JOHN M. JOLLY DEAD.

Was a Confederate Soldier and Saw Service in Company K.

(Anderson Intelligencer.)

John M. Jolly, one of the best known and most highly esteemed citizens of Anderson county, died at the home of his daughter, Mrs. Arthur Sullivan, near Double Springs church, July 25th. He had gone to visit his daughter, who was quite ill at the time his death occurred.

Mr. Jolly was taken suddenly ill and was sick only a few days. All that physicians and a trained nurse could do failed to relieve his sufferings, and as a final resort he underwent an operation Saturday morning about 11 o'clock, but from this he received no relief, and died at 11 o'clock the following night.

Mr. Jolly was born near South Union, Oconee county, South Carolina, July 28, 1842.

He is survived by his wife, who was, before marriage, Miss Eliza Jane Marett, eldest daughter of the late G. W. and Susan Simmons Marett, and five children.

In 1872 Mr. Jolly moved to Gordon county, Georgia, where he remained three years, when he came back and had since resided in the Fork section.

In March, 1862, he entered Company K, 22d S. C. Regiment, at Wilmington, N. C. He followed his command through all succeeding campaigns in Mississippi, South Carolina, North Carolina, Virginia, and was at Appomattox at the end.

His company was stationed in the works at Petersburg, which the enemy undermined and blew up at daylight on July 30, 1864, and of the 27 men present but four survived the catastrophe—one of these being Mr. Jolly, who was half buried and unconscious for some time.

The remains were buried at Double Springs church, where he had been a consistent member for a number of years. The funeral services were conducted by Rev. W. B. Hawkins, his pastor, in the presence of a large concourse of relatives and friends.

To Drive Out Malaria

And Build Up The System
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

German Jews Appeal to America.

Berlin, Aug. 12.—The association of Jews in Germany has issued a dramatic appeal to America, drafted by Dr. Levi, a rabbi, for distribution in neutral countries. The appeal, based on the fact that American shells are thrown by Russians into Polish towns believed to harbor Germans, says:

"Europe stands in flames. Across the ocean America alone lives at peace. She hears not the thunder of cannon. A fruitful rain of gold is falling on a land enjoying golden peace."

"We cry out to America: Thousands of thy most loyal and industrious citizens come from towns being destroyed by the shells which thou art sending. Instead of gifts of money once sent back to childhood homes from Libau to Lemberg, Thou sendest iron shells to supply the army of the Czar. Thou givest iron for gold; death for life. The children are murdering their parents. America, thou hast peace. Thou art not fighting for existence. We implore thee to listen to this appeal."

Ordered to "Southern Waters."

Washington, July 12.—Secretary Daniels announced last night that three battleships had been ordered "to Southern waters for any duty that may be required." They are the Louisiana and New Hampshire, which sailed yesterday, and the Connecticut, now in Haitian waters. He said conditions were reported much better in Vera Cruz.

Raiding and guerilla fighting along the Texas border will cause the strengthening of the United States forces there if Gen. Funston requests it, Secretary Garrison said. All officials declared, however, the movements of battleships and troops have no connection with the Pan-American appeal. They are merely to protect Americans and other foreigners. Funston has 17,000 soldiers on the border, and Secretary Garrison said 12,000 more would be sent if necessary.

Gen. Funston reported that according to the best information he has secured it is indicated that Texans themselves sent bands to rob other Texans on account of a political feud.

The Moore Reunion.

There will be a reunion at the home of Rev. and Mrs. M. J. Moore (Mountain Rest, Route 1.) on August 29th. There will be speaking and music. The public is cordially invited to come. Dinner will be served on the grounds.

REUNION OF ORR'S REGIMENT.

Westminster August 19 and 20. Program for the Occasion.

Following is the program for the reunion of Orr's Regiment, August 19 and 20, to be held at the school auditorium in Westminster:

Response to address of welcome—Col. J. C. Stribling.

Response to address of welcome—Mrs. Mary Hemphill Greene.

Address by H. R. Hughes. Subject: "The Confederate Soldier—His Service to Us; Our Duty to Him."

Adjournment for dinner.

2.00 o'clock p. m.—Business session.

Election of officers.

Memorial service.

Music (solo)—Mrs. T. Peden Anderson.

Address—Col. W. P. Green.

Music (solo)—Mrs. D. I. Mulkey.

Address—Gen. M. L. Bonham.

Song and recitation—Miss Maggie Abbott.

Dismissal with prayer—Rev. R. L. Duffie.

A Good Household Salve.

Ordinary ailments and injuries are not of themselves serious, but infection or low vitality may make them dangerous. Don't neglect a cut, sore, bruise or hurt because it's small. Blood poison has resulted from a pin-prick or scratch. For all such ailments Bucklen's Arnica Salve is excellent. It protects and heals the hurt; is antiseptic, kills infection and prevents dangerous complications. Good for all skin blemishes, pimples, salt rheum, eczema. Get an original 2-ounce 25c. box from your druggist.—Adv. 2.

UNEARTHING VALUABLE RELICS.

Interesting Articles Discovered by British Soldiers in Dardanelles.

A dispatch from London says: English soldiers in the Dardanelles have uncovered some ancient Greek relics of great interest in the course of their trench digging. A soldier, who was connected with the British Museum before the war, described his excavation in a letter just received here.

"We are fighting above a Greek cemetery of great antiquity, and in digging our latest line of trenches we found stone sarcophagi which are certainly more than 2,000 years old—probably nearer 2,500 years. The walls are thick and the coffins very big. They are filled with fine earth, which has slowly intruded through the cracks of the lid. With great care we sift out from this the skeletons, more or less preserved, and in the bottom we find vases, bowls, lamps and sometimes statues. The potteries, decorated with the faces of men and women, are of exquisite form."

"I have before me now a delicate cup, which the slightest shock would break. It symbolizes that particular and characteristic beauty of form which Greece revealed to us. Its long handles, ethereal in their delicacy, give to this little thing the palpitations of wings."

Is This Your Skull?

(Pickens Sentinel.)

John A. Durham, of the Keowee side, was in Pickens one day last week and brought with him a human skull which was found on Keowee river, just a little above Nimmons's Bridge. This is where an old Indian fort formerly stood and many battles were fought there. The whole skeleton was washed up by the recent heavy rains and found by Messrs. Durham, Wylie Roper, J. N. Chappell and Cleve Marchbanks while on a fishing trip. The skull was left at the Sentinel office, and if there is anybody around here who thinks it belongs to him all he has to do is to come and get it.

Cure for Spinal Meningitis?

Melbourne, Australia, Aug. 11.—Discovery of a specific for cerebro spinal meningitis was announced today by Dr. Richard Bull, a director of the bacteriological laboratory of the University of Melbourne. Dr. Bull stated that eucalyptus would destroy the germ.

A Cough Remedy that Relieves.
It's prepared from the healing pine balsam, tar and honey—all mixed in a pleasant, soothing cough syrup called Dr. Bell's Pine-Tar-Honey. Thousands have benefited by its use—no need of your enduring that annoying cough or risking a dangerous cold. Go to your dealer, ask for a 25c. original bottle of Dr. Bell's Pine-Tar-Honey, start using at once and get rid of your cough and cold.—Adv. 2.
